CRISIL Ratings
CRISIL Limited
Powai, Mumbai- 400076 India

The process of ratings by CRISIL has helped FLAME answer a lot of questions. It has facilitated both the admission and placement interface with the outside environment both parents, students as well as industry.

1. CRISIL in their initiatives and efforts to design an appropriate and relevant ratings process has done an excellent job.
2. As the CRISIL team was visiting FLAME they were involved and put in lot of efforts to understand FLAME. The exercise facilitated FLAME to put all they had done in a perspective, documentation and arrived at an internal clarity as to what needed to be done. The ratings generally make a statement to the recruiters as CRISIL is perceived as working with integrity.

We appreciate the efforts taken by CRISIL to ensure transparency and creditability in the management sector.
