Director

Ex-PGP Chair & BOG Member, IIM Indore

CRISIL Grading at GHSIMR, Kanpur

Generally, ranking/grading agencies rely mainly on data provided by the institute & public impressions; never bother to physically verify ground realities. I am glad that CRISIL team devoted full two days in the campus discussing with all stake holders like BoG, faculty, students, alumni & recruiters to understand everyone's perspective. The whole exercise was very exhaustive, verifying each and every information, even the minuet ones, by team members right at institute. CRISIL team was consisting of academicians & professionals having wide & rich experience from top of the top institutions like IIMs. Honestly, I was touched by the approach & professionalism CRISIL team had demonstrated while being at the campus. To me, in true sense, this grading exercise has been an eye opener for the institution to introspect and set its growth path.

Wishing all the best to CRISIL for endeavour!!!!
